Preface.....xxix
About the Authorxxxi

Chapter 1 The Basics 1

1.1 What is Risk?..... 1
1.2 How Do We Identify a Risk?.....4
1.2.1 Trigger4
1.2.2 Hazard or Opportunity5
1.2.3 Consequence.....5
1.2.4 Sequence of Events.....6
1.2.5 Uncertainty6
1.3 What is Risk Analysis?.....6
1.3.1 Risk Management.....9
1.3.2 Risk Assessment.....10
1.3.3 Risk Communication.....10
1.3.4 Risk Semantics11
1.4 Why Do Risk Analysis?11
1.5 Who Does Risk Analysis?12
1.5.1 A Brief Historical Perspective on Risk Analysis12
1.5.2 Government Agencies17
1.5.3 Private Sector19
1.6 When Should We Do Risk Analysis?20
1.7 Organization of Book22
1.8 Summary and Look Forward25
References26

Chapter 2 Uncertainty27

2.1 Introduction27
2.2 Uncertainty from 75,000 Feet29
2.3 The Uncertainty on Your Desk.....32
2.3.1 Knowledge Uncertainty or Natural Variability?33
2.3.2 Types of Uncertainty35
2.3.3 Quantity Uncertainty.....36
2.3.3.1 Empirical Quantities38
2.3.3.2 Defined Constants38
2.3.3.3 Decision Variables39
2.3.3.4 Value Parameters39
2.3.3.5 Index Variables.....39
2.3.3.6 Model Domain Parameters40
2.3.3.7 Outcome Criteria.....40

- 2.3.4 Sources of Uncertainty in Empirical Quantities 40
 - 2.3.4.1 Random Error and Statistical Variation..... 40
 - 2.3.4.2 Systematic Error and Subjective Judgment 41
 - 2.3.4.3 Linguistic Imprecision 41
 - 2.3.4.4 Natural Variability 42
 - 2.3.4.5 Randomness and Unpredictability 42
 - 2.3.4.6 Disagreement 42
 - 2.3.4.7 Approximation 42
- 2.4 Being Intentional about Uncertainty 43
- 2.5 Summary and Look Forward 46
- References 46

Chapter 3 Risk Management..... 47

- 3.1 Introduction 47
- 3.2 Identifying Risks 49
 - 3.2.1 Problem Recognition..... 50
 - 3.2.2 Problem Acceptance..... 51
 - 3.2.3 Problem Definition 52
 - 3.2.4 From Problems and Opportunities to Risks..... 53
- 3.3 Risk Estimation 53
 - 3.3.1 Establish a Risk Analysis Process..... 55
 - 3.3.2 Individual Risk Management Activities..... 56
 - 3.3.2.1 Develop a Risk Profile..... 56
 - 3.3.2.2 Establish Risk Management Objectives 58
 - 3.3.2.3 Decide the Need for a Risk Assessment.... 61
 - 3.3.2.4 Request Information Needed 62
 - 3.3.2.5 Initiate the Risk Assessment 66
 - 3.3.2.6 Consider the Results of the Risk Assessment..... 67
- 3.4 Risk Evaluation..... 68
 - 3.4.1 Principles for Establishing Acceptable and Tolerable Levels of Risk 70
 - 3.4.1.1 Policy..... 71
 - 3.4.1.2 Zero Risk..... 71
 - 3.4.1.3 Weight of Evidence 72
 - 3.4.1.4 Precautionary Principle..... 72
 - 3.4.1.5 ALARA Principle 73
 - 3.4.1.6 Appropriate Level of Protection..... 73
 - 3.4.1.7 Reasonable Relationship 74
 - 3.4.1.8 Safety and Balancing Standards 74
 - 3.4.2 The Decision 75
- 3.5 Risk Control..... 76
 - 3.5.1 Formulating Risk Management Options 76

- 3.5.2 Evaluating Risk Management Options..... 79
 - 3.5.2.1 Comparison Methods..... 81
 - 3.5.3 Comparing Risk Management Options..... 82
 - 3.5.3.1 Multicriteria Decision Analysis 83
 - 3.5.4 Making a Decision 85
 - 3.5.5 Identifying Decision Outcomes..... 87
 - 3.5.6 Implementing the Decision 88
- 3.6 Risk Monitoring 89
 - 3.6.1 Monitoring..... 89
 - 3.6.2 Evaluation and Iteration 91
- 3.7 Risk Communication..... 92
- 3.8 Risk Management Models 92
- 3.9 Summary and Look Forward 97
- References 97

Chapter 4 Risk Assessment..... 99

- 4.1 Introduction 99
- 4.2 What Makes a Good Risk Assessment?..... 100
- 4.3 Risk Assessment Defined 104
- 4.4 Risk Assessment Activities..... 107
 - 4.4.1 Understand the Questions..... 109
 - 4.4.2 Identify the Source of the Risk 111
 - 4.4.3 Consequence Assessment..... 112
 - 4.4.3.1 Dose-Response Relationships 113
 - 4.4.4 Likelihood Assessment 114
 - 4.4.4.1 Exposure Assessment..... 115
 - 4.4.5 Risk Characterization..... 119
 - 4.4.6 Assess Effectiveness of Risk Management Options ... 119
 - 4.4.7 Communicate Uncertainty 121
 - 4.4.8 Document the Process..... 123
- 4.5 Risk Assessment Models 124
- 4.6 Risk Assessment Methods..... 129
 - 4.6.1 Qualitative Risk Assessment..... 130
 - 4.6.2 Quantitative Risk Assessment..... 130
- 4.7 Summary and Look Forward 131
- References 131

Chapter 5 Risk Communication..... 133

- 5.1 Introduction 133
- 5.2 Definitions 137
- 5.3 Internal Risk Communication 138
 - 5.3.1 Coordination between Assessors and Managers.... 138
 - 5.3.2 Risk Communication Process 140
 - 5.3.3 Documenting the Process..... 140

5.4	External Risk Communication	140
5.4.1	Risk and Crisis Communication	142
5.4.1.1	Risk Dimensions	142
5.4.1.2	Risk Perceptions.....	144
5.4.1.3	Know and Engage Your Audience	145
5.4.1.4	Psychographic Information	148
5.4.1.5	Risk, Stress, and the Communication Model	151
5.4.1.6	Three M's of Risk Communication.....	153
5.4.1.7	Critical Differences in Crisis Communication.....	156
5.4.1.8	Explaining Risk to Nonexperts.....	157
5.4.1.9	Explaining Uncertainty	161
5.4.2	Public Involvement.....	163
5.4.2.1	Planning Stakeholder Involvement	164
5.4.3	Conflict Resolution	167
5.5	Summary and Look Forward	169
	References	169

Chapter 6	Enterprise Risk Management	173
6.1	Introduction	173
6.2	What is Enterprise Risk Management?.....	173
6.3	History	175
6.4	Trends in ERM	178
6.4.1	Global Business Risks	178
6.4.2	The Financial Sector	180
6.4.3	The State of Enterprise Risk Management	181
6.5	Enterprise Risk Management for Dummies.....	183
6.6	Risk Management Standards and Guidance.....	185
6.7	ISO 31000:2018 Risk Management—Guidelines.....	187
6.7.1	ISO 31000:2018 Principles	187
6.7.2	ISO 31000:2018 Framework.....	189
6.7.3	ISO 31000:2018 Risk Management Process.....	191
6.8	COSO's Enterprise Risk Management Integrated Framework.....	195
6.8.1	Across the Enterprise	196
6.8.2	Achievement of Objectives.....	197
6.8.3	Components of COSO's ERM Framework	197
6.9	Three Enterprise Risk Management Concepts.....	199
6.9.1	Risk Profile.....	200
6.9.2	Risk Appetite.....	200
6.9.3	Risk Tolerance	202
6.10	Summary and Look Forward	204
	References	205

Chapter 7	Problem Identification for Risk Management	207
7.1	Introduction	207
7.2	What's a Problem? What's an Opportunity?	211
7.3	Becoming Aware of Problems and Opportunities.....	214
7.3.1	Triggers and Inputs.....	214
7.4	Framing the Problem.....	217
7.5	Problem and Opportunity Identification Techniques	219
7.5.1	Risk Identification	221
7.5.2	Problem Definition Process.....	221
7.5.3	Appreciation.....	222
7.5.4	Be a Reporter.....	222
7.5.5	Utopia	223
7.5.6	Benchmarking	223
7.5.7	Checklists.....	224
7.5.8	Inverse Brainstorming.....	224
7.5.9	Bitching	225
7.5.10	Draw a Picture of the Problem	225
7.5.11	Mind Maps	225
7.5.12	Why-Why Diagram	227
7.5.13	Restatement	227
7.6	The P&O Statement.....	229
7.7	Two Problem Solving Traits	231
7.8	Summary and Look Forward	232
	References	233
Chapter 8	Brainstorming.....	235
8.1	Introduction	235
8.2	What Can You Brainstorm?.....	236
8.3	Background.....	236
8.3.1	No Evaluation	236
8.3.2	Unusual Ideas	236
8.3.3	Quantity Counts	237
8.3.4	Combine and Improve Ideas.....	237
8.3.5	Four Pitfalls	237
8.4	Avoid Problems in Your Process	239
8.5	A Few Good Techniques	240
8.5.1	Brainstorming.....	241
8.5.2	Brainwriting	242
8.5.2.1	Poolwriting.....	242
8.5.2.2	Gallery Writing	243
8.5.2.3	Electronic Brainwriting.....	243
8.6	3× Yeah	244
8.7	Group Evaluations with Colored Dots.....	246

8.8	Do You Need a Facilitator?	247
8.9	Addendum	248
8.10	Summary and Look Forward	249
	References	250

Chapter 9 Economics of Risk Management..... 251

9.1	Introduction	251
9.2	Economics for Risk Managers.....	251
9.3	Economics and Decision Making.....	252
9.3.1	Scarcity	252
9.3.2	Trade-Offs	253
9.3.3	Opportunity Cost.....	254
9.3.4	Marginal Analysis	256
9.3.5	Incentives.....	259
9.3.6	Rent Seeking	260
9.4	Economic Basis for Interactions among People	261
9.4.1	Trade.....	261
9.4.2	Markets.....	261
9.4.3	Market Failure	262
9.4.4	Government Failure.....	264
9.5	Principles of the Economy as a Whole.....	264
9.5.1	Living Standards and Productivity.....	264
9.5.2	Inflation and Unemployment	265
9.6	Making Trade-Offs.....	265
9.7	Economic Analysis	267
9.7.1	Cost-Effectiveness Analysis	268
9.7.2	Incremental Cost Analysis	268
9.7.3	Benefit-Cost Analysis	269
9.7.4	Risk-Benefit Analysis	270
9.7.5	Economic Impact Analysis	270
9.8	Summary and Look Forward	270
	References	271

Chapter 10 Risk Assessor's Toolbox..... 273

10.1	Introduction	273
10.2	Brainstorming.....	274
10.2.1	Overview of the Technique	274
10.2.2	How the Technique Is Used.....	274
10.2.3	Inputs.....	275
10.2.4	Process.....	275
10.2.5	Outputs	275
10.2.6	Strengths and Weaknesses	275
10.2.7	Examples of Use.....	276

- 10.3 Bayesian Statistics and Bayes Nets..... 276
 - 10.3.1 Overview of the Technique 276
 - 10.3.2 How the Technique Is Used..... 277
 - 10.3.3 Inputs 277
 - 10.3.4 Process..... 277
 - 10.3.5 Outputs 279
 - 10.3.6 Strengths and Weaknesses 279
 - 10.3.7 Examples of Use..... 280
- 10.4 Bow Tie Analysis..... 280
 - 10.4.1 Overview of the Technique 280
 - 10.4.2 How the Technique Is Used..... 280
 - 10.4.3 Inputs 281
 - 10.4.4 Process..... 281
 - 10.4.5 Outputs 281
 - 10.4.6 Strengths and Weaknesses 281
 - 10.4.7 Examples of Use..... 282
- 10.5 Cause-and-Effect Analysis 282
 - 10.5.1 Overview of the Technique 283
 - 10.5.2 How the Technique Is Used..... 283
 - 10.5.3 Inputs 284
 - 10.5.4 Process..... 284
 - 10.5.5 Outputs 284
 - 10.5.6 Strengths and Weaknesses 284
 - 10.5.7 Examples of Use..... 285
- 10.6 Cause-Consequence Analysis..... 285
 - 10.6.1 Overview of the Technique 285
 - 10.6.2 How the Technique Is Used..... 285
 - 10.6.3 Inputs 287
 - 10.6.4 Process..... 287
 - 10.6.5 Outputs 288
 - 10.6.6 Strengths and Weaknesses 288
 - 10.6.7 Examples of Use..... 288
- 10.7 Checklists 288
 - 10.7.1 Overview of the Technique 288
 - 10.7.2 How the Technique Is Used..... 289
 - 10.7.3 Inputs 289
 - 10.7.4 Outputs 289
 - 10.7.5 Strengths and Weaknesses 290
 - 10.7.6 Examples of Use..... 290
- 10.8 Cost-Benefit Analysis 290
 - 10.8.1 Overview of the Technique 290
 - 10.8.2 How the Technique Is Used..... 291
 - 10.8.3 Inputs 291
 - 10.8.4 Process..... 291
 - 10.8.5 Outputs 292
 - 10.8.6 Strengths and Weaknesses 292

10.9	Examples of Use	292
10.10	Delphi Techniques	293
10.10.1	Overview of the Technique	293
10.10.2	How the Technique Is Used.....	293
10.10.3	Inputs	293
10.10.4	Process.....	293
10.10.5	Outputs	294
10.10.6	Strengths and Weaknesses	294
10.10.7	Examples of Use.....	294
10.11	Dose-Response Curve	295
10.11.1	Overview of the Technique	295
10.11.2	How the Technique Is Used.....	295
10.11.3	Inputs	296
10.11.4	Process.....	296
10.11.5	Outputs	296
10.11.6	Strengths and Weaknesses	296
10.11.7	Examples of Use.....	296
10.12	Ecological Risk Assessment.....	297
10.12.1	Overview of the Technique	297
10.12.2	How the Technique Is Used.....	297
10.12.3	Inputs	297
10.12.4	Process.....	298
10.12.5	Outputs	299
10.12.6	Strengths and Weaknesses	299
10.12.7	Examples of Use.....	299
10.13	Event Tree	299
10.13.1	Overview of the Technique	299
10.13.2	How the Technique Is Used.....	300
10.13.3	Inputs	301
10.13.4	Process.....	301
10.13.5	Outputs	302
10.13.6	Strengths and Weaknesses	302
10.13.7	Examples of Use.....	303
10.14	Evidence Maps.....	303
10.14.1	Overview of the Technique	303
10.14.2	How the Technique Is Used.....	303
10.14.3	Inputs	304
10.14.4	Process.....	304
10.14.5	Outputs	304
10.14.6	Strengths and Weaknesses	305
10.14.7	Examples of Use.....	305
10.15	Expert Elicitation.....	305
10.15.1	Overview of the Technique	305
10.15.2	How the Technique Is Used.....	305
10.15.3	Inputs	306

10.15.4	Process.....	306
10.15.5	Outputs	306
10.15.6	Strengths and Weaknesses	306
10.15.7	Examples of Use.....	307
10.16	Failure Modes and Effects Analysis.....	307
10.16.1	Overview of the Technique	307
10.16.2	How the Technique Is Used.....	308
10.16.3	Inputs	308
10.16.4	Process.....	308
10.16.5	Outputs	309
10.16.6	Strengths and Weaknesses	310
10.16.7	Examples of Use.....	310
10.17	Fault Tree.....	310
10.17.1	Overview of the Technique	310
10.17.2	How the Technique Is Used.....	311
10.17.3	Inputs	311
10.17.4	Process.....	312
10.17.5	Outputs	312
10.17.6	Strengths and Weaknesses	312
10.17.7	Examples of Use.....	313
10.18	Fragility Curves.....	313
10.18.1	Overview of the Technique	313
10.18.2	How the Technique Is Used.....	314
10.18.3	Inputs	314
10.18.4	Process.....	314
10.18.5	Output.....	315
10.18.6	Strengths and Weaknesses	315
	10.18.6.1 Judgmental Approach.....	315
	10.18.6.2 Empirical Approach.....	315
	10.18.6.3 Analytical Approach.....	315
	10.18.6.4 Hybrid Approach.....	316
10.18.7	Examples of Use.....	316
10.19	Frequency Number (FN) Curves.....	316
10.19.1	Overview of the Technique	316
10.19.2	How the Technique Is Used.....	316
10.19.3	Inputs.....	318
10.19.4	Process.....	318
10.19.5	Outputs	318
10.19.6	Strengths and Weaknesses	319
10.19.7	Examples of Use.....	319
10.20	Generic Process.....	319
10.20.1	Overview of the Technique	319
10.20.2	How the Technique Is Used.....	319
10.20.3	Inputs.....	320
10.20.4	Process.....	320

- 10.20.5 Outputs 321
 - 10.20.6 Strengths and Weaknesses 321
 - 10.20.7 Examples of Use..... 321
- 10.21 Hazard Analysis and Critical Control Points (HACCP) 322
 - 10.21.1 Overview of the Technique 322
 - 10.21.2 How the Technique Is Used..... 322
 - 10.21.3 Inputs 322
 - 10.21.4 Process..... 322
 - 10.21.5 Outputs 324
 - 10.21.6 Strengths and Weaknesses 324
 - 10.21.7 Examples of Use..... 325
- 10.22 Hazard Operability Study (HAZOP) 325
 - 10.22.1 Overview of the Technique 325
 - 10.22.2 How the Technique Is Used..... 326
 - 10.22.3 Inputs 326
 - 10.22.4 Process..... 326
 - 10.22.5 Outputs 327
 - 10.22.6 Strengths and Weaknesses 328
 - 10.22.7 Examples of Use..... 328
- 10.23 Heat Map 328
 - 10.23.1 Overview of the Technique 328
 - 10.23.2 How the Technique Is Used..... 329
 - 10.23.3 Inputs 329
 - 10.23.4 Process..... 329
 - 10.23.5 Outputs 329
 - 10.23.6 Strengths and Weaknesses 329
 - 10.23.7 Examples of Use..... 330
- 10.24 Human Reliability Assessment..... 330
 - 10.24.1 Overview of the Technique 330
 - 10.24.2 How the Technique Is Used..... 330
 - 10.24.3 Inputs 331
 - 10.24.4 Process..... 331
 - 10.24.5 Outputs 332
 - 10.24.6 Strengths and Weaknesses 332
 - 10.24.7 Examples of Use..... 332
- 10.25 Increase or Decrease Risk 332
 - 10.25.1 Overview of the Technique 333
 - 10.25.2 How the Technique Is Used..... 333
 - 10.25.3 Inputs 333
 - 10.25.4 Process..... 333
 - 10.25.5 Outputs 334
 - 10.25.6 Strengths and Weaknesses 334
 - 10.25.7 Examples of Use..... 334
- 10.26 Interviews 334
 - 10.26.1 Overview of the Technique 334
 - 10.26.2 How the Technique Is Used..... 335

10.26.3	Inputs.....	335
10.26.4	Process.....	335
10.26.5	Outputs	335
10.26.6	Strengths and Weaknesses	336
10.26.7	Examples of Use.....	336
10.27	Layer of Protection Analysis	336
10.27.1	Overview of the Technique	336
10.27.2	How the Technique Is Used.....	337
10.27.3	Inputs.....	337
10.27.4	Process.....	337
10.27.5	Outputs	338
10.27.6	Strengths and Weaknesses	338
10.27.7	Examples of Use.....	339
10.28	Markov Analysis.....	339
10.28.1	Overview of the Technique	339
10.28.2	How the Technique Is Used.....	339
10.28.3	Inputs.....	340
10.28.4	Process.....	340
10.28.5	Outputs	342
10.28.6	Strengths and Weaknesses	342
10.28.7	Examples of Use.....	342
10.29	Monte Carlo Process	342
10.29.1	Overview of the Technique	343
10.29.2	How the Technique Is Used.....	343
10.29.3	Inputs.....	343
10.29.4	Process.....	343
10.29.5	Outputs	344
10.29.6	Strengths and Weaknesses	345
10.29.7	Examples of Use.....	346
10.30	Multicriteria Decision Analysis.....	346
10.30.1	Overview of the Technique	346
10.30.2	How the Technique Is Used.....	346
10.30.3	Inputs.....	346
10.30.4	Process.....	347
10.30.5	Outputs	347
10.30.6	Strengths and Weaknesses	350
10.30.7	Examples of Use.....	350
10.31	Ordering Techniques	350
10.31.1	Chronology.....	350
10.31.1.1	Overview of the Technique	350
10.31.1.2	How the Technique Is Used	351
10.31.1.3	Inputs.....	351
10.31.1.4	Process	351
10.31.1.5	Outputs.....	351
10.31.1.6	Strengths and Weaknesses	351
10.31.1.7	Examples of Use.....	352

10.31.2	Screening.....	352
10.31.2.1	Overview of the Technique	352
10.31.2.2	How the Technique Is Used	352
10.31.2.3	Inputs.....	352
10.31.2.4	Process	353
10.31.2.5	Outputs	353
10.31.2.6	Strengths and Weaknesses	353
10.31.2.7	Examples of Use.....	353
10.31.3	Ratings.....	353
10.31.3.1	Overview of the Technique	353
10.31.3.2	How the Technique Is Used	353
10.31.3.3	Inputs.....	354
10.31.3.4	Process	354
10.31.3.5	Outputs	354
10.31.3.6	Strengths and Weaknesses	354
10.31.3.7	Examples of Use.....	355
10.31.4	Rankings.....	355
10.31.4.1	Overview of the Technique	355
10.31.4.2	How the Technique Is Used	355
10.31.4.3	Inputs.....	355
10.31.4.4	Process	355

Chapter 11 The Art and Practice of Risk Assessment Modeling405

11.1	Introduction	405
11.2	Types of Models	406
11.3	A Model-Building Process	409
11.3.1	Get the Question Right.....	410
11.3.2	Know the Uses of Your Model	410
11.3.3	Build a Conceptual Model.....	411
11.3.4	Specify the Model	411
11.3.5	Build a Computational Model	412
11.3.6	Verify the Model	412
11.3.7	Validate the Model	413
11.3.8	Design Simulation Experiments.....	414
11.3.9	Make Production Runs	414
11.3.10	Analyze Simulation Results	415
11.3.11	Organize and Present Results.....	415
11.3.12	Answer the Question(s)	416
11.3.13	Document Model and Results	416

11.4	Simulation Models.....	416
11.5	Required Skill Sets.....	418
11.5.1	Technical Skills.....	418
11.5.2	Craft Skills.....	419
11.5.2.1	The Art of Modeling.....	419
11.5.2.2	The Practice of Modeling.....	432
11.6	Summary and Look Forward.....	447
	References.....	447
Chapter 12	Probability Review.....	449
12.1	Introduction.....	449
12.2	Two Schools of Thought.....	450
12.3	Probability Essentials.....	451
12.4	How Do We Get Probabilities?.....	455
12.5	Working with Probabilities.....	456
12.5.1	Axioms.....	456
12.5.2	Propositions and Rules.....	457
12.5.2.1	Marginal Probability.....	457
12.5.2.2	Complementarity.....	457
12.5.2.3	Addition Rules.....	458
12.5.2.4	Multiplication Rules.....	458
12.5.2.5	Conditional Probability.....	460
12.5.2.6	Bayes' Theorem.....	461
12.6	Why You Need to Know This.....	463
12.7	Summary and Look Forward.....	464
	References.....	464
Chapter 13	Choosing a Probability Distribution.....	465
13.1	Introduction.....	465
13.2	Graphical Review.....	465
13.2.1	Probability Density Function.....	465
13.2.2	Cumulative Distribution Function.....	468
13.2.3	Survival Function.....	469
13.2.4	Probability Mass Function.....	470
13.2.5	Cumulative Distribution Function for a Discrete Random Variable.....	470
13.3	Strategy for Selecting a Probability Distribution.....	471
13.3.1	Use Your Data.....	472
13.3.2	Understand Your Data.....	475
13.3.2.1	What Is the Source of Your Data?.....	477
13.3.2.2	Is Your Variable Discrete or Continuous?.....	477
13.3.2.3	Is Your Variable Bounded or Unbounded?.....	478

- 13.3.2.4 Parametric and Nonparametric Distributions 479
 - 13.3.2.5 Univariate or Multivariate Distributions 486
 - 13.3.3 Plot Your Data 486
 - 13.3.4 Theory-Based Choice 488
 - 13.3.5 Calculate Statistics 489
 - 13.3.6 Previous Experience 490
 - 13.3.7 Distribution Fitting 490
 - 13.3.8 Seek Expert Opinion 493
 - 13.3.9 Sensitivity Analysis 494
 - 13.4 Example 1 494
 - 13.4.1 Understand Your Variable and Data 494
 - 13.4.2 Look at Your Data 495
 - 13.4.3 Use Theory 495
 - 13.4.4 Calculate Some Statistics 496
 - 13.4.5 Use Previous Experience 496
 - 13.4.6 Distribution Fitting 496
 - 13.4.7 Expert Opinion 498
 - 13.4.8 Sensitivity Analysis 499
 - 13.4.9 Final Choice 499
 - 13.5 Example 2 499
 - 13.5.1 Understand Your Variable and Data 500
 - 13.5.2 Look at Your Data 500
 - 13.5.3 Use Theory 500
 - 13.5.4 Calculate Some Statistics 500
 - 13.5.5 Use Previous Experience 500
 - 13.5.6 Distribution Fitting 501
 - 13.5.7 Expert Opinion 501
 - 13.5.8 Sensitivity Analysis 501
 - 13.5.9 Final Choice 501
 - 13.6 A Dozen Useful Probability Distributions for Risk Assessors 502
 - 13.6.1 Four Useful Distributions for Sparse Data 502
 - 13.6.2 Four Useful Discrete Distributions 504
 - 13.6.3 Four Useful Continuous Distributions 507
 - 13.7 Summary and Look Forward 509

Chapter 19 Decision Making Under Uncertainty 651

- 19.1 Introduction 651
- 19.2 Decision-Making Strategies 652
- 19.3 Evidence-Based Decision Making 656
- 19.4 How Much Evidence is Enough? 660
 - 19.4.1 There Is a Best Time to Decide..... 663
- 19.5 Classifications of Uncertainty 666
- 19.6 Strategies for Deciding in Deep Uncertainty 670
- 19.7 Communicating Uncertainty to Decision Makers..... 671
- 19.8 A Practical Approach 673
 - 19.8.1 Understand the Decision to be Made 675
 - 19.8.2 Understand the Residual Risks and Residual
Uncertainty..... 676
 - 19.8.3 Ask Clarifying Questions..... 679
 - 19.8.4 Make a Decision or Not..... 681
- 19.9 Practical Changes 681
 - 19.9.1 Change the Decision Meeting 681
 - 19.9.2 Question the Numbers..... 682
 - 19.9.3 “Power Down” Decision Making 683
 - 19.9.4 Socialize Errors from Good Risk Management..... 683
- 19.10 Risk Metrics 683
- 19.11 Decision Analysis..... 687
 - 19.11.1 The Example 688
 - 19.11.2 Decision Making without Probability 689
 - 19.11.3 Decision Making with Probability 691
 - 19.11.4 Risk Profile and Sensitivity 692
 - 19.11.5 Value of Additional Information..... 693
- 19.12 Summary and Look Forward 695
- References 695
