Introduction: Africa, the Next Intellectual Frontier	1
CÉLESTIN MONGA AND JUSTIN YIFU LIN	

## PART I CONCEPTS

1. Prolegomena to Economics as an African Science: A Philosophical Meditation	29
FABIEN EBOUSSI BOULAGA	
2. Households and Income in Africa	46
KATHLEEN BEEGLE, CALOGERO CARLETTO, BENJAMIN DAVIS, AND ALBERTO ZEZZA	
3. Transformation of African Farm-cum-Family Structures	59
CATHERINE GUIRKINGER AND JEAN-PHILIPPE PLATTEAU	
4. The Economics of Marriage in North Africa: A Unifying Theoretical Framework	72
RAGUI ASSAAD AND CAROLINE KRAFFT	
5. The Theory of the Firm in the African Context	86
CHRISTOPHER MALIKANE	
6. Markets and Urban Provisioning	104
JANE I. GUYER	
7. Development as Diffusion: Manufacturing Productivity and Africa's Missing Middle	115
ALAN GELB, CHRISTIAN J. MEYER, AND VIJAYA RAMACHANDRAN	
8. Employment, Unemployment, and Underemployment in Africa	136
STEPHEN GOLUB AND FARAZ HAYAT	

9. Inclusive Growth in Africa MTHULI NCUBE	154
10. Poverty: Shifting Fortunes and New Perspectives ABEBE SHIMELES	175
11. Dimensions of African Inequality ARNE BIGSTEN	197
12. Inclusive Growth and Developmental Governance: The Next African Frontiers RICHARD JOSEPH	219
13. Economics and the Study of Corruption in Africa M. A. THOMAS	233
14. Thoughts on Development: The African Experience FRANÇOIS BOURGUIGNON	247
15. The Idea of Economic Development: Views from Africa HIPPOLYTE FOFACK	271

## PART II METHODOLOGICAL ISSUES

16. Principles of Economics: African Counter-Narratives CÉLESTIN MONGA	303
17. Economics and Culture in Africa FELWINE SARR	334
18. The Economics of Non-Cognitive Skills LAURA CAMFIELD	351
19. Modeling African Economies: A DSGE Approach ANDREW BERG, SHU-CHUN S. YANG, AND LUIS-FELIPE ZANNA	370
20. Measuring Economic Progress in the African Context MORTEN JERVEN	393
21. Measuring Structural Economic Vulnerability in Africa PATRICK GUILLAUMONT	407
22. Measuring Democracy: An Economic Approach CÉLESTIN MONGA	427

23. Measurement and Analysis of Competitiveness	453
OLUMIDE TAIWO AND JULIUS A. AGBOR	

### PART III HISTORICAL TRAJECTORIES AND ECONOMIC LANDSCAPE

24. Africa's New Economic Opportunities	473
PAUL COLLIER	
25. Tigers or Tiger Prawns? The African Growth "Tragedy" and "Renaissance" in Perspective	483
CHRISTOPHER CRAMER AND HA-JOON CHANG	
26. The Economic Legacies of the African Slave Trades	504
WARREN C. WHATLEY	
27. The Economics of Colonialism in Africa	522
GARETH AUSTIN	
28. Public-Private Interface for Inclusive Development in Africa	536
OLU AJAKAIYE AND AFEIKHENA JEROME	
29. Natural Resources in Africa: Precious Boon or Precious Bane?	553
IBRAHIM AHMED ELBADAWI AND NADIR ABDELLATIF MOHAMMED	
30. Volatility and Vulnerability	567
XUBEI LUO	
31. Africa's Urbanization: Challenges and Opportunities	584
MARIA E. (MILA) FREIRE, SOMIK LALL, AND DANNY LEIPZIGER	
32. Environmental and Climate Change Issues in Africa	603
TOMONORI SUDO	
33. Informality, Growth, and Development in Africa	620
AHMADOU ALY MBAYE AND NANCY BENJAMIN	
34. Capitalism and African Business Cultures	637
SCOTT D. TAYLOR	

## PART IV THE ECONOMICS OF POLITICAL TRANSFORMATION

35. The Impact of Democracy on Economic Growth in Sub-Saharan Africa, 1982–2012	659
TAKAAKI MASAKI AND NICOLAS VAN DE WALLE	
36. The Economics of Authoritarianism in North Africa	675
RAJ M. DESAI, ANDERS OLOFSGÅRD, AND TARIK M. YOUSEF	
37. The Potential Economic Dividends of North African Revolutions	689
MUSTAPHA KAMEL NABLI AND HAKIM BEN HAMMOUDA	
38. The Economics of Violent Conflict and War in Africa	705
ANKE HOEFFLER	
39. The Causes and Consequences of Terrorism in Africa	724
JULIET ELU AND GREGORY PRICE	
40. The Political Economy of the New Arab Awakening	739
MUSTAPHA KAMEL NABLI AND HAKIM BEN HAMMOUDA	
41. Democratic Decentralization and Economic Development	756
ROGER B. MYERSON	
42. The Economics of Happiness and Anger in North Africa	770
NADEREH CHAMLOU	
<i>Name Index</i>	785
<i>Subject Index</i>	795

## LIST OF FIGURES

---

2.1	Do rural income patterns in Africa compare with others?	55
2.2	As income grows, sources of income shift for African households	56
5.1	The impact of an increase in the probability of outage on production	92
5.2	The demand curve	95
5.3	The equilibrium position of the firm	96
5.4	A fragile equilibrium of the firm	98
5.5	A low-level equilibrium trap	99
7.1	Labor productivity and employment share for selected sectors, Zambia and Mexico	121
7.2	Gini coefficient of weighted productivity distribution vs. average productivity based on macro data (upper panel); Gini coefficient of value added per worker and GDP per capita based on firm survey data (lower panel)	122
7.3	Gini coefficients of income and consumption inequality vs. GDP per capita (1950–2011)	124
8.1	The Lewis model of labor market dualism	144
8.2	The Harris–Todaro model	145
9.1	Africa's middle of the pyramid: distribution of the African population by classes	156
9.2	Africa Infrastructure Development Index, 2010	165
10.1	Trends in extreme poverty by region	176
10.2	Log per capita GDP and per capita GDP growth for Africa: 1960–2011	183
10.3	Lowess estimate of proportion of African countries with at least one growth acceleration	184
10.4	Change in middle class status on the basis of household wealth/asset for selected African countries during 1990–2010	185
10.5	Multidimensional asset-based poverty and per capita GDP for selected countries in Africa	187
10.6	Poverty in agriculture, services and industry sectors by the level of aggregate poverty	188
10.7	Gini index for asset (wealth) and educational achievements for selected African countries	192

14.1	GDP per capita in developing regions: 1960–2012	249
14.2	GDP per capita in developing regions as a proportion of that of the USA: 1960–2012	249
14.3	Poverty in the world and developing regions: 1980–2010. Proportion of population below 1.25 ppp 2005 USD per person and per day	250
14.4	Real price of oil: 1875–2010	256
14.5	Real price of non-oil commodities: 1865–2010	257
14.6	Terms of trade of African countries: 1980–2012 (2000 = 100)	263
14.7	Sectoral structure of GDP in sub-Saharan Africa: 1970–2012	265
15.1	The evolving path of development theory	276
15.2	A framework for sustainable development in sub-Saharan Africa	288
16.1	Maintaining subsistence income or schooling children? Cornelian tradeoffs in Burkina Faso	311
16.2	Good jobs generate a virtuous circle of economic and social benefits	317
19.1	Responses to an aid surge under different reserve accumulation policies	382
19.2	Effects of two investing approaches for natural resource revenue	386
19.3	Debt sustainability of public investment scaling-up under external commercial debt	387
21.1	The Economic Vulnerability Index, 2005–2009 and 2011–2012 versions compared	411
21.2	The Physical Vulnerability to Climate Change Index (PVCCI)	416
22.1	Freedom in the World, 1972–2013	431
22.2	Africa: Average Polity 2 Score, 1960–2010	431
22.3	Africa's visible and invisible political worlds	432
22.4	A dynamic model of comparison of political well-being	442
23.1	TWV and relative GDP per capita 1981–1990	463
25.1	Manufacturing, value added (% of GDP)	493
25.2	Manufacturing, value added (constant 2005 US\$)	493
25.3	Diversification of exports, Mozambique	494
25.4	Diversification of exports, Ethiopia	494
25.5	Roads, total network (km)	495
25.6	Gross value added in construction	497
25.7	Government investment	497
25.8	(A) Gross enrolment ratio (Primary) (%). (B) Gross enrolment ratio (Secondary) (%). (C) Gross enrolment ratio (Tertiary) (%). (D) Tertiary graduates in science, engineering, manufacturing and construction.	498

26.1	Real British gold prices and slave prices	508
29.1	Long run oil prices: 1861–2012	554
29.2	(A) Median oil rents/capita vs. GDP/capita growth. (B) Median mineral rents/capita vs. GDP/capita growth. (C) Median oil and mineral exports in resource-rich Africa	555
29.3	Political checks and balances and polity indicators in resource-rich countries	561
29.4	Median governance and control of corruption in resource-rich Africa	562
29.5	Government in resource-rich countries	564
30.1	Microeconomic effect of a large negative shock on the income and consumption path of a poor and non-poor household	571
31.1	Africa: Urbanization and GDP, 2011	586
31.2	Output shares, SSA, and EAP	587
31.3	Urbanization and per capita GDP across regions	587
31.4	Comparing SSA and EAP	588
31.5	Tanzanian cities: energy access and economic activity	592
31.6	Africa distribution of population by size of settlement sub-Saharan Africa	593
31.7	Paved roads in SSA cities, miles per 1000 inhabitants	594
31.8	Carbon emissions go up with income	596
32.1	System approach for sustainable development	605
32.2	Ideal sustainable development pathway	606
32.3	Unsustainable development path due to environmental capital loss	607
32.4	Historical trends in Africa's ecological footprint	609
32.5	Africa's percentage of global GHG emissions	610
32.6	GHG emissions per capita in African countries	611
33.1	Contribution of informal sector to non-agricultural GDP in African regions	623
35.1	The marginal effect of democracy on growth at different lengths of democracy duration	668
36.1	Government welfare and democracy in Arab countries, 1950–2010	677
38.1	Global prevalence of violent conflicts, 1946–2012	706
38.2	Global prevalence of violent conflicts, 1400–1939	709
38.3	Prevalence of violent conflicts in Africa and Europe, 1400–1939	710
39.1	Trend for countries with the most vital incidents	731
39.2	GNI per capita	732

## LIST OF TABLES

---

2.1	Diverse income-generating activity is the norm in Africa	54
4.1	Hypotheses on the relationship between females' characteristics and marriage outcomes and correlations between marriage outcomes	79
6.1	Urban growth in Africa, 1950–2010	108
8.1	Distribution of employment by sector, selected African countries	138
8.2	Indicators of labor costs, selected regions and countries	140
9.1	Africa GDP per capita and GDP per capita adjusted for inequality (2006–2010)	164
9.2	Some indicators for inclusive growth	170
9.3	Inclusive Growth Index (IGI) for Africa (2006–2010)	172
10.1	Regression of growth by quintiles of initial per capita GDP in each period for of Africa	181
10.2	Transition matrix by wealth status for African countries	185
10.3	Multidimensional asset poverty for selected African countries	186
10.4	Decomposition of poverty by sector of employment in Africa	187
10.5	Two-step GMM estimate of the relationship between poverty and sectoral shares of employment	189
15.1	Annual growth rates of GDP and per capita GDP by decade	278
18.1	Examples of non-cognitive skills	353
18.2	Examples of economic analyses of measures of non-cognitive skills in longitudinal datasets	367
19.1	Baseline calibration	379
19.2	Government consumption multipliers: baseline calibration	383
19.3	Public investment multipliers: different investment efficiency	384
21.1	Economic Vulnerability Index (EVI): level in 2011 and change from 2000 to 2011	412
21.2	Components of the Economic Vulnerability Index (EVI) in 2011	413
21.3	The Physical Vulnerability to Climate Change Index	416
21.4	Components of the Vulnerability to Climate Change Index	417
23.1	TWV and REER 1998–2010	465

27.1	Number of working days required of an unskilled urban African to equal average annual per capita revenue in British African colonies, 1910–1938	526
27.2	Foreign investment in sub-Saharan Africa, 1870–1936	528
27.3	Manufacturing in selected African countries, 1960	529
27.4	Real wages as ratios of “family subsistence basket” in the capital cities of British colonies, 1900s to 1950s (peacetime decades)	530
27.5	Infant mortality in selected African countries	531
29.1	Key economic variables around the second oil price boom (2000–2005)	557
29.2	Democracy checks, and balances as indicators of credibility and inter-temporal commitments	560
31.1	Current distribution of population by type of settlement	598
31.2	Projected urban populations	599
32.1	Climate change trends and impacts	610
32.2	Number of visitors to parks and game reserves in Kenya 2005–2009	613
33.1	Informal sector as a share of non-agricultural employment in selected African countries	624
35.1	The impact of democracy and democracy duration on GDP per capita growth	666
35.2	Sensitivity tests	669
37.1	Egypt and Tunisia: GDP growth and unemployment (%)	693
38.1	Severity of violent conflicts, 1946–2012	707
39.1	Terrorism income and number of incidence in Africa	730
