Preface: To the Student viii

Acknowledgments xi

PART I Introduction 1

Chapter 1

Ten Principles of Economics 3

How People Make Decisions 4

Principle 1: People Face Trade-offs 4

Principle 2: The Cost of Something Is What You Give Up to Get It 5

Principle 3: Rational People Think at the Margin 6

Principle 4: People Respond to Incentives 7

Case Study: The Incentive Effects of Gasoline Prices 8

In The News: Incentive Pay 9

How People Interact 10

Principle 5: Trade Can Make Everyone Better Off 10

Principle 6: Markets Are Usually a Good Way to Organize Economic Activity 10

Principle 7: Governments Can Sometimes Improve Market Outcomes 11

FYI: Adam Smith and the Invisible Hand 12

How the Economy as a Whole Works 13

Principle 8: A Country's Standard of Living Depends on Its Ability to Produce Goods and Services 13

In The News: Why You Should Study Economics 14

Principle 9: Prices Rise When the Government Prints Too Much Money 15

Principle 10: Society Faces a Short-Run Trade-off between Inflation and Unemployment 16

FYI: How to Read This Book 17

Conclusion 17

Chapter 2

Thinking Like an Economist 21

The Economist as Scientist 22

The Scientific Method: Observation, Theory, and More Observation 22

The Role of Assumptions 23

Economic Models 24

Our First Model: The Circular-Flow Diagram 24

Our Second Model: The Production Possibilities Frontier 26

Microeconomics and Macroeconomics 29

The Economist as Policy Adviser 29

FYI: Who Studies Economics? 30

Positive versus Normative Analysis 30

Economists in Washington 31

In The News: The Economics of President Obama 32

Why Economists' Advice Is Not Always Followed 32

Why Economists Disagree 34

Differences in Scientific Judgments 34

Differences in Values 34

Perception versus Reality 35

Let's Get Going 35

In The News: Environmental Economics 37

APPENDIX Graphing: A Brief Review 40

Graphs of a Single Variable 40

Graphs of Two Variables: The Coordinate System 41

Curves in the Coordinate System 42

Slope 44

Cause and Effect 46

Chapter 3

Interdependence and the Gains from Trade 49

A Parable for the Modern Economy 50

- Production Possibilities 50
- Specialization and Trade 52

Comparative Advantage: The Driving Force of Specialization 54

- Absolute Advantage 54
- Opportunity Cost and Comparative Advantage 54
- Comparative Advantage and Trade 55
- The Price of the Trade 56
- FYI:** The Legacy of Adam Smith and David Ricardo 57

Applications of Comparative Advantage 57

- Should Tom Brady Mow His Own Lawn? 57
- Should the United States Trade with Other Countries? 58
- In The News:** The Changing Face of International Trade 59

Conclusion 59

PART II How Markets Work 63

Chapter 4

The Market Forces of Supply and Demand 65

Markets and Competition 66

- What Is a Market? 66
- What Is Competition? 66

Demand 67

- The Demand Curve: The Relationship between Price and Quantity Demanded 67
- Market Demand versus Individual Demand 68
- Shifts in the Demand Curve 69
- Case Study:** Two Ways to Reduce the Quantity of Smoking Demanded 71

Supply 73

- The Supply Curve: The Relationship between Price and Quantity Supplied 73
- Market Supply versus Individual Supply 73
- Shifts in the Supply Curve 74

Supply and Demand Together 77

- Equilibrium 77
- Three Steps to Analyzing Changes in Equilibrium 79
- In The News:** Price Increases after Disasters 82

Conclusion: How Prices Allocate Resources 84

Chapter 5

Elasticity and Its Application 89

The Elasticity of Demand 90

- The Price Elasticity of Demand and Its Determinants 90
- Computing the Price Elasticity of Demand 91
- The Midpoint Method: A Better Way to Calculate Percentage Changes and Elasticities 91
- The Variety of Demand Curves 92
- FYI:** A Few Elasticities from the Real World 94
- Total Revenue and the Price Elasticity of Demand 94
- Elasticity and Total Revenue along a Linear Demand Curve 96
- Other Demand Elasticities 97

The Elasticity of Supply 98

- The Price Elasticity of Supply and Its Determinants 98
- Computing the Price Elasticity of Supply 98
- The Variety of Supply Curves 99

Three Applications of Supply, Demand, and Elasticity 101

- Can Good News for Farming Be Bad News for Farmers? 101
- Why Did OPEC Fail to Keep the Price of Oil High? 103
- Does Drug Interdiction Increase or Decrease Drug-Related Crime? 105

Conclusion 106

Chapter 6

Supply, Demand, and Government Policies 111

Controls on Prices 112

- How Price Ceilings Affect Market Outcomes 112
- Case Study:** Lines at the Gas Pump 114
- Case Study:** Rent Control in the Short Run and the Long Run 115

- How Price Floors Affect Market Outcomes 116
Case Study: The Minimum Wage 117
 Evaluating Price Controls 119
In The News: Should Unpaid Internships Be Allowed? 120

Taxes 121

- How Taxes on Sellers Affect Market Outcomes 121
 How Taxes on Buyers Affect Market Outcomes 123
Case Study: Can Congress Distribute the Burden of a Payroll Tax? 124
 Elasticity and Tax Incidence 125
Case Study: Who Pays the Luxury Tax? 127

Conclusion 128

PART III Markets and Welfare 133

Chapter 7

Consumers, Producers, and the Efficiency of Markets 135

Consumer Surplus 136

- Willingness to Pay 136
 Using the Demand Curve to Measure Consumer Surplus 137
 How a Lower Price Raises Consumer Surplus 138
 What Does Consumer Surplus Measure? 140

Producer Surplus 141

- Cost and the Willingness to Sell 141
 Using the Supply Curve to Measure Producer Surplus 142
 How a Higher Price Raises Producer Surplus 144

Market Efficiency 145

- The Benevolent Social Planner 145
 Evaluating the Market Equilibrium 146
In The News: Ticket Scalping 148
Case Study: Should There Be a Market in Organs? 149

Conclusion: Market Efficiency and Market Failure 150

Chapter 8

Application: The Costs of Taxation 155

The Deadweight Loss of Taxation 156

- How a Tax Affects Market Participants 157
 Deadweight Losses and the Gains from Trade 159

The Determinants of the Deadweight Loss 160

- Case Study:** The Deadweight Loss Debate 162

Deadweight Loss and Tax Revenue as Taxes Vary 163

- Case Study:** The Laffer Curve and Supply-Side Economics 165
In The News: New Research on Taxation 166

Conclusion 166

Chapter 9

Application: International Trade 171

The Determinants of Trade 172

- The Equilibrium without Trade 172
 The World Price and Comparative Advantage 173

The Winners and Losers from Trade 174

- The Gains and Losses of an Exporting Country 174
 The Gains and Losses of an Importing Country 175
 The Effects of a Tariff 177

- FYI:** Import Quotas: Another Way to Restrict Trade 179

- The Lessons for Trade Policy 179

- Other Benefits of International Trade 180

- In The News:** Trade Skirmishes 181

The Arguments for Restricting Trade 182

- The Jobs Argument 182

- In The News:** Should the Winners from Free Trade Compensate the Losers? 183

- The National-Security Argument 184

- In The News:** Second Thoughts about Free Trade 184

- The Infant-Industry Argument 185

- The Unfair-Competition Argument 186

- The Protection-as-a-Bargaining-Chip Argument 186

- Case Study:** Trade Agreements and the World Trade Organization 186

Conclusion 187

PART IV The Data of Macroeconomics 193

Chapter 10

Measuring a Nation's Income 195

The Economy's Income and Expenditure 196

The Measurement of Gross Domestic Product 198

- "GDP Is the Market Value..." 198
- "...of All..." 198
- "...Final..." 199
- "...Goods and Services..." 199
- "...Produced..." 199
- "...Within a Country..." 199
- "...In a Given Period of Time..." 199

The Components of GDP 200

- FYI:** Other Measures of Income 201
- Consumption 201
- Investment 201
- Government Purchases 202
- Net Exports 202
- Case Study:** The Components of U.S. GDP 203

Real versus Nominal GDP 203

- A Numerical Example 204
- The GDP Deflator 205
- Case Study:** Real GDP over Recent History 206

Is GDP a Good Measure of Economic Well-Being? 207

- In The News:** The Underground Economy 208
- In The News:** Beyond Gross Domestic Product 210
- Case Study:** International Differences in GDP and the Quality of Life 211

Conclusion 212

Chapter 11

Measuring the Cost of Living 217

The Consumer Price Index 218

- How the Consumer Price Index Is Calculated 218
- FYI:** What Is in the CPI's Basket? 220
- Problems in Measuring the Cost of Living 221
- In The News:** Shopping for the CPI 222
- The GDP Deflator versus the Consumer Price Index 224

Correcting Economic Variables for the Effects of Inflation 225

- Dollar Figures from Different Times 226
- Indexation 226
- FYI:** Mr. Index Goes to Hollywood 227
- Real and Nominal Interest Rates 227
- Case Study:** Interest Rates in the U.S. Economy 229

Conclusion 230

PART V The Real Economy in the Long Run 233

Chapter 12

Production and Growth 235

Economic Growth around the World 236

- FYI:** A Picture Is Worth a Thousand Statistics 238
- FYI:** Are You Richer Than the Richest American? 240

Productivity: Its Role and Determinants 240

- Why Productivity Is So Important 240
- How Productivity Is Determined 241
- FYI:** The Production Function 243
- Case Study:** Are Natural Resources a Limit to Growth? 243

Economic Growth and Public Policy 244

- Saving and Investment 244

- Diminishing Returns and the Catch-Up Effect 245
- Investment from Abroad 246
- Education 247
- Health and Nutrition 248
- In The News:** Promoting Human Capital 249
- Property Rights and Political Stability 250
- Free Trade 251
- Research and Development 252
- Population Growth 252
- In The News:** One Economist's Answer 254

Conclusion: The Importance of Long-Run Growth 256

Chapter 13

Saving, Investment, and the Financial System 259

Financial Institutions in the U.S. Economy 260

- Financial Markets 260
- Financial Intermediaries 262
- FYI:** Key Numbers for Stock Watchers 263
- Summing Up 264
- FYI:** Financial Crises 265

Saving and Investment in the National Income Accounts 265

- Some Important Identities 266
- The Meaning of Saving and Investment 267

The Market for Loanable Funds 268

- Supply and Demand for Loanable Funds 268
- Policy 1: Saving Incentives 270
- Policy 2: Investment Incentives 272
- Policy 3: Government Budget Deficits and Surpluses 272
- Case Study:** The History of U.S. Government Debt 274

Conclusion 276

Chapter 14

The Basic Tools of Finance 281

Present Value: Measuring the Time Value of Money 282

- FYI:** The Magic of Compounding and the Rule of 70 284

Managing Risk 284

- Risk Aversion 284
- The Markets for Insurance 285
- Diversification of Firm-Specific Risk 286
- The Trade-off between Risk and Return 287

Asset Valuation 288

- Fundamental Analysis 289
- The Efficient Markets Hypothesis 289
- In The News:** A Cartoonist's Guide to Stock Picking 290
- Case Study:** Random Walks and Index Funds 291
- In The News:** Is the Efficient Markets Hypothesis Kaput? 292
- Market Irrationality 294

Conclusion 294

Chapter 15

Unemployment 297

Identifying Unemployment 298

- How Is Unemployment Measured? 298
- Case Study:** Labor-Force Participation of Men and Women in the U.S. Economy 301
- Does the Unemployment Rate Measure What We Want It To? 302
- How Long Are the Unemployed without Work? 304
- Why Are There Always Some People Unemployed? 304
- In The News:** The Rise of Long-Term Unemployment 305
- FYI:** The Jobs Number 306

Job Search 306

- Why Some Frictional Unemployment Is Inevitable 307
- Public Policy and Job Search 307
- Unemployment Insurance 308
- In The News:** How Much Do the Unemployed Respond to Incentives? 308

Minimum-Wage Laws 310

- FYI:** Who Earns the Minimum Wage? 312

Unions and Collective Bargaining 312

- The Economics of Unions 313
- Are Unions Good or Bad for the Economy? 314

The Theory of Efficiency Wages 314

- Worker Health 315
- Worker Turnover 315
- Worker Quality 315
- Worker Effort 316
- Case Study:** Henry Ford and the Very Generous \$5-a-Day Wage 316

Conclusion 317

PART VI Money and Prices in the Long Run 321

Chapter 16

The Monetary System 323

The Meaning of Money 324

The Functions of Money 325

The Kinds of Money 325

In The News: Mackerel Economics 326

Money in the U.S. Economy 327

FYI: Why Credit Cards Aren't Money 328

Case Study: Where Is All the Currency? 328

The Federal Reserve System 329

The Fed's Organization 330

The Federal Open Market Committee 330

Banks and the Money Supply 331

The Simple Case of 100-Percent-Reserve Banking 331

Money Creation with Fractional-Reserve Banking 332

The Money Multiplier 333

Bank Capital, Leverage, and the Financial Crisis of 2008–2009 335

The Fed's Tools of Monetary Control 336

How the Fed Influences the Quantity of Reserves 337

How the Fed Influences the Reserve Ratio 338

Problems in Controlling the Money Supply 339

Case Study: Bank Runs and the Money Supply 340

The Federal Funds Rate 340

In The News: Bernanke on the Fed's Toolbox 342

Conclusion 344

Chapter 17

Money Growth and Inflation 347

The Classical Theory of Inflation 348

The Level of Prices and the Value of Money 349

Money Supply, Money Demand, and Monetary Equilibrium 349

The Effects of a Monetary Injection 351

A Brief Look at the Adjustment Process 352

The Classical Dichotomy and Monetary Neutrality 353

Velocity and the Quantity Equation 354

Case Study: Money and Prices during Four Hyperinflations 356

The Inflation Tax 356

FYI: Hyperinflation in Zimbabwe 358

The Fisher Effect 359

The Costs of Inflation 360

A Fall in Purchasing Power? The Inflation Fallacy 360

Shoeleather Costs 361

Menu Costs 362

Relative-Price Variability and the Misallocation of Resources 362

Inflation-Induced Tax Distortions 363

Confusion and Inconvenience 364

A Special Cost of Unexpected Inflation: Arbitrary Redistributions of Wealth 365

Inflation Is Bad, But Deflation May Be Worse 366

Case Study: *The Wizard of Oz* and the Free-Silver Debate 366

In The News: Inflationary Threats 368

Conclusion 368

PART VII The Macroeconomics of Open Economies 373

Chapter 18

Open-Economy Macroeconomics: Basic Concepts 375

The International Flows of Goods and Capital 376

The Flow of Goods: Exports, Imports, and Net Exports 376

Case Study: The Increasing Openness of the U.S. Economy 377

In The News: Breaking Up the Chain of Production 378

The Flow of Financial Resources: Net Capital Outflow 380

The Equality of Net Exports and Net Capital Outflow 381

Saving, Investment, and Their Relationship to the International Flows 382

Summing Up 383

Case Study: Is the U.S. Trade Deficit a National Problem? 384

The Prices for International Transactions: Real and Nominal Exchange Rates 386
 Nominal Exchange Rates 386
FYI: The Euro 387
 Real Exchange Rates 388

A First Theory of Exchange-Rate Determination: Purchasing-Power Parity 389
 The Basic Logic of Purchasing-Power Parity 390
 Implications of Purchasing-Power Parity 390
Case Study: The Nominal Exchange Rate during a Hyperinflation 392
 Limitations of Purchasing-Power Parity 393
Case Study: The Hamburger Standard 393

Conclusion 394

Chapter 19

A Macroeconomic Theory of the Open Economy 399

Supply and Demand for Loanable Funds and for Foreign-Currency Exchange 400
 The Market for Loanable Funds 400
 The Market for Foreign-Currency Exchange 402
FYI: Purchasing-Power Parity as a Special Case 404

Equilibrium in the Open Economy 405
 Net Capital Outflow: The Link between the Two Markets 405
 Simultaneous Equilibrium in Two Markets 406
FYI: Disentangling Supply and Demand 408

How Policies and Events Affect an Open Economy 408
 Government Budget Deficits 408
 Trade Policy 410
 Political Instability and Capital Flight 413
Case Study: Capital Flows from China 415
In The News: Alternative Exchange-Rate Regimes 416

Conclusion 416

PART VIII Short-Run Economic Fluctuations 421

Chapter 20

Aggregate Demand and Aggregate Supply 423

Three Key Facts about Economic Fluctuations 424

- Fact 1: Economic Fluctuations Are Irregular and Unpredictable 424
- Fact 2: Most Macroeconomic Quantities Fluctuate Together 426
- Fact 3: As Output Falls, Unemployment Rises 426

Explaining Short-Run Economic Fluctuations 426

- The Assumptions of Classical Economics 426
- The Reality of Short-Run Fluctuations 427
- In The News:** The Social Influences of Economic Downturns 428
- The Model of Aggregate Demand and Aggregate Supply 428

The Aggregate-Demand Curve 430

- Why the Aggregate-Demand Curve Slopes Downward 430
- Why the Aggregate-Demand Curve Might Shift 433

The Aggregate-Supply Curve 435

- Why the Aggregate-Supply Curve Is Vertical in the Long Run 435
- Why the Long-Run Aggregate-Supply Curve Might Shift 436
- Using Aggregate Demand and Aggregate Supply to Depict Long-Run Growth and Inflation 438
- Why the Aggregate-Supply Curve Slopes Upward in the Short Run 438
- Why the Short-Run Aggregate-Supply Curve Might Shift 442

Two Causes of Economic Fluctuations 444

- The Effects of a Shift in Aggregate Demand 444
- FYI:** Monetary Neutrality Revisited 447
- Case Study:** Two Big Shifts in Aggregate Demand: The Great Depression and World War II 448
- Case Study:** The Recession of 2008–2009 449
- In The News:** Modern Parallels to the Great Depression 450
- The Effects of a Shift in Aggregate Supply 452
- Case Study:** Oil and the Economy 454
- FYI:** The Origins of the Model of Aggregate Demand and Aggregate Supply 455

Conclusion 456

Chapter 21

The Influence of Monetary and Fiscal Policy on Aggregate Demand 461

How Monetary Policy Influences Aggregate Demand 462

- The Theory of Liquidity Preference 463
- The Downward Slope of the Aggregate-Demand Curve 465
- FYI:** Interest Rates in the Long Run and the Short Run 466
- Changes in the Money Supply 468
- The Role of Interest-Rate Targets in Fed Policy 469
- FYI:** The Zero Lower Bound 470
- Case Study:** Why the Fed Watches the Stock Market (and Vice Versa) 470

How Fiscal Policy Influences Aggregate Demand 471

- Changes in Government Purchases 472
- The Multiplier Effect 472
- A Formula for the Spending Multiplier 473
- Other Applications of the Multiplier Effect 474
- The Crowding-Out Effect 475
- Changes in Taxes 476
- FYI:** How Fiscal Policy Might Affect Aggregate Supply 477

Using Policy to Stabilize the Economy 477

- The Case for Active Stabilization Policy 477
- Case Study:** Keynesians in the White House 479
- The Case against Active Stabilization Policy 479
- In The News:** How Large Is the Fiscal Policy Multiplier? 480
- Automatic Stabilizers 481
- In The News:** Offbeat Indicators 483

Conclusion 484

Chapter 22

The Short-Run Trade-off between Inflation and Unemployment 489

The Phillips Curve 490

- Origins of the Phillips Curve 490
- Aggregate Demand, Aggregate Supply, and the Phillips Curve 491

Shifts in the Phillips Curve: The Role of Expectations 493

- The Long-Run Phillips Curve 493
- The Meaning of "Natural" 495
- Reconciling Theory and Evidence 496
- The Short-Run Phillips Curve 497
- The Natural Experiment for the Natural-Rate Hypothesis 498

Shifts in the Phillips Curve: The Role of Supply Shocks 500

The Cost of Reducing Inflation 502

- The Sacrifice Ratio 503
- Rational Expectations and the Possibility of Costless Disinflation 504
- The Volcker Disinflation 505
- The Greenspan Era 506
- The Phillips Curve during the Financial Crisis 508
- In The News:** Do We Need More Inflation? 509

Conclusion 510

PART IX Final Thoughts 513

Chapter 23

Six Debates over Macroeconomic Policy 515

Should Monetary and Fiscal Policymakers Try to Stabilize the Economy? 516

- Pro: Policymakers Should Try to Stabilize the Economy 516
- Con: Policymakers Should Not Try to Stabilize the Economy 516

Should the Government Fight Recessions with Spending Hikes Rather Than Tax Cuts? 518

- Pro: The Government Should Fight Recessions with Spending Hikes 518
- Con: The Government Should Fight Recessions with Tax Cuts 519

Should Monetary Policy Be Made by Rule Rather Than by Discretion? 520

- Pro: Monetary Policy Should Be Made by Rule 521
- Con: Monetary Policy Should Not Be Made by Rule 522
- FYI:** Inflation Targeting 523

Should the Central Bank Aim for Zero Inflation? 523

- Pro: The Central Bank Should Aim for Zero Inflation 524
- Con: The Central Bank Should Not Aim For Zero Inflation 525
- In The News:** What Is the Optimal Inflation Rate? 526

Should the Government Balance Its Budget? 527

- Pro: The Government Should Balance Its Budget 527
- Con: The Government Should Not Balance Its Budget 528
- In The News:** Dealing with Debt and Deficits 530

Should the Tax Laws Be Reformed to Encourage Saving? 530

- Pro: The Tax Laws Should Be Reformed to Encourage Saving 530
- Con: The Tax Laws Should Not Be Reformed to Encourage Saving 532

Conclusion 533

Glossary 537

Index 541
